

In-Wall Timer - ABRA Surface Switch with Smart Plug/Gateway

Item SH-ABSWSP-WH

PRODUCT DESCRIPTION

The ABRA Surface Switch with Smart Plug/Gateway is a system bundle that includes one ABRA Surface Switch and one ABRA Wi-Fi Smart Plug with Bluetooth® Gateway. Since the Surface Switch requires a gateway, this bundle is the perfect way to get everything you need to get started in a convenient package. The battery-powered Surface Switch fits over your existing light switch with no re-wiring required. Program the Surface Switch with the ABRA App to effortlessly control ABRA smart lights and other devices right from the wall, allowing anyone in the home to easily control the lights without an app. The Surface Switch also provides "standby" power to the smart bulbs, preventing them from accidentally going offline and becoming unresponsive. For added versatility, the ABRA Surface Switch can be used with the Amazon Alexa App to trigger Alexa routines and control virtually ANY Alexa-compatible smart light or other smart device. It's like having a universal smart controller for all your connected devices! The ABRA Wi-Fi Smart Plug with Bluetooth® Gateway combines the utility and convenience of a Wi-Fi smart plug with the features and functionality of a Bluetooth® to Wi-Fi gateway. The ABRA Wi-Fi Smart Plug with Bluetooth® Gateway is required to connect the ABRA Surface Switch or other ABRA Bluetooth® devices to your ABRA system and your home's Wi-Fi network. Up to 50 ABRA Bluetooth® devices can be connected to a single Smart Plug/Gateway, and multiple Smart Plug Gateways can be used throughout the home to create a Bluetooth® mesh network for optimal wireless coverage and reliability.

FEATURES

- ▶ Combines the ABRA Surface Switch with the required ABRA Smart Plug/Gateway in a single, convenient kit.
- ▶ Switch can trigger up to five custom lighting scenes plus OFF.
- ▶ Patented controller mounts conveniently over an existing wall switch, maintaining standby power to the smart bulbs even when bulbs are off.
- ▶ Uses Bluetooth® mesh technology for optimal battery life and reliability. Includes required ABRA Wi-Fi Smart Plug with Bluetooth® Gateway to connect to the Wi-Fi network.
- ▶ Works with the Amazon Alexa app to trigger Alexa Routines and control any Alexa-compatible smart bulb, smart plug, or other smart home device with the push of a button.
- ▶ Package contains brackets to mount the surface switch over an existing toggle or paddle switch, or it can be used as a hand-held remote control with the included backplate.
- ▶ Add multiple switches to control the same smart bulbs, to create 3-way and multi-way "virtual" circuits with no wiring required.
- ▶ 2.4 GHz Wi-Fi Required.

APPLICATIONS

- ▶ Smart Home

TECHNICAL DATA

General

Model Number	SH-ABSWSP-WH
Description	ABRA Surface Switch with Smart Plug/Gateway
UPC Code	078275157767
Brand	Intermatic
Country of Origin (Intermatic)	JAPAN
Warranty Period	1-Year limited

Control Specifications

Operation Features	Countdown; Routines; Schedules
Operation Mode	App-driven
Mechanism Type	Digital/Electrical
Application Compatibilities	Alexa; Android; Google Home; iOS; Siri

Material Specifications

Color	White
-------	-------

Communication Method

Has WiFi	Yes
Has Bluetooth	Yes

Load Ratings

Resistive Load Ratings Ranges	15 A, 1800 W
-------------------------------	--------------

Electrical Specifications

Input Voltage Range(s)	120 VAC, 50/60 Hz
Hz	50/60

Packaging

Shipping Weight (lbs)	1
Unit Carton Dimensions (H x W x L) in	4.5 x 4.3 x 2.15 in

Standards and Certifications

Other Certifications and Compatibilities	FCC; cETLus; Green Energy +
California Proposition 65	Nickel
RoHS Certification	Y
