

Accessory - Intermatic Branded 35 Pocket Bucket Style Tool Caddy

Item BKTBAG

PRODUCT DESCRIPTION

Intermatic branded bucket-style tool caddy with five loops and 35 pockets of various sizes from small pouches designed to hold drill bits and screwdrivers to large pockets big enough to hold bulkier tools. Two layers of both open and closed pockets on the outside, and one layer on the inside. This bucket tool bag and its pockets are crafted from 600D ballistic canvas, reinforced with a heavy-duty waterproof material on the back to protect your tools while sitting on wet surfaces. All seams are double stitched (triple stitching for stress points) to endure the weight of heavy tools that can stretch and stress other tool bags.

FEATURES

- ▶ Crafted from durable Oxford cloth 600D ballistic poly canvas material.
- ▶ It has 35 pockets, five loops, one metal ring, and one metal clip.
- ▶ Fits most 5-gallon buckets (Not Included).
- ▶ Tools and accessories not included.
