

Able to Handle the Toughest Environments

T1975HD Series

Built to Last

From the Texas oil fields on a scorching summer day to a poultry fogger in America's heartland, the resilient 24-Hour mechanical timers operate where only the toughest industrial equipment plays. Intermatic offers rugged controls for large or small areas.

Need More Heavy Duty?

For larger areas, such as oil fields, use the T1975HD mechanical time switch. The T1975HD series features a heavy-duty metal dial designed to withstand the most punishing conditions.

Raw Tenacity

T1975HD

- Heavy-duty metal dial withstands punishing environmental conditions
- Fully encapsulated motor protects gears from debris
- Easy-to-set trippers and skipper wheel provide fast and accurate setting
- Up to 96 operations every 24 hours, with minimum ON/OFF timer intervals of 15 minutes

Model #	Description	Switch	Input Voltage	Skipper Wheel
T1975HDR	Type 3R Enclosure	SPDT	120 VAC 60 Hz	Yes
T1975HD	Type 1 Enclosure	SPDT	120 VAC 60 Hz	Yes
T1975HDM	Mechanism only	SPDT	120 VAC 60 Hz	Yes

Ratings:

Switch Ratings: 20 A Max, 120 VAC, 1/2 HP, 120 VAC
Power Input: 3 W Max.

Operating Temperature: -40°F to 130°F (-40°C to 54°C)

Warranty: 1 year

For maximum performance, Intermatic recommends adding a 5 to 8 minute offset to your ON/OFF events.
